**Garbage that can be put out except for garbage stations**

Separate properly, it is convenient to put out at the time of convenience if it is between the date and time of collection · opening time. Also, at nearby supermarkets and electronics stores, there are stores that have their own recycling collection boxes, please use by all means.

**What can be taken out for group collection**

Group collections are those times when people that live in the same area decide on a time and place for each household to collect recyclable resources to turn over to a collections contractor.

Group collections, along with the ability to use resources practically and reduce waste, are linked to the promotion of community activities of local citizens.

Please inquire for a detailed collecting items list.

For Inquiries (excluding Saturdays, Sundays and holidays)

Environmental Division, Waste Reduction Section Phone: 0277-46-1111

**Items collected at collection points (public facilities)**

Please put your waste into the drop-off spots or the collection boxes found near the City Hall Information Desk (other than newspapers or aluminum cans), in every branch office and in every community center (kominkan).

I usually collect batteries and lighters that I can not put out to the garbage station usually.

For small electrical home appliances, Kiryu city is collecting from the following list of goods.  
cellphones, digital cameras, video cameras, handheld game machines, electronic dictionaries, calculators, telephones, mobile music players, remote controls, tablet devices, portable car navigation systems, power supply adaptors.

**Disposing of air conditioners, TVs, refrigerators / freezers, washers / dryers**

According to the Home Appliance Recycling Law, the Kiryu City Waste Treatment Center is not permitted to collect air conditioners, TVs (cathode-ray tube type, LCD type, plasma type), refrigerators, freezers, washers / dryers as bulky waste. Also do not deliver these items directly to the Waste Treatment Center.

**The following describes how to dispose these items:**

**Contact a retailer**

When requesting an item to be collected, the retailer from which the item was originally purchased or the retailer through which you are purchasing a new item will charge a recycling and collection fee.

**Take the item to be disposed of directly**

Confirm the name of the item's manufacturer and model, and then remit the recycling fee through a post office. Take the recycling coupon along with the item to be disposed of to a specified collection agent.

**Designated Recycling Businesses**

- Fujita Shoten Corp.: 7-1813-57 Sakainocho, Kiryu City Phone: 0277-43-5283
- Sankyo Unso Corp., Yabuzuka Warehouse: 2260 Obaracho, Ota City Phone: 0277-78-7559

**About non-takeover obligation**

When discharging air conditioner, TV, refrigerator · freezer, washing machine · clothes dryer, please contact the Kiryu City Cleaning Center if it falls under the following cases.

- Retailers purchased in the past are out of business and can not request collection.
- Because of what we got or gifts, we do not know which retailer we purchased and can not request collection.
- Because of the move, purchasing and retailers are far away, it is practically difficult to request collection.

**How to dispose of personal computers & display monitors**

According to the Promotion of the Effective Utilization of Resources Law, household-use personal computers and display monitors cannot be discarded as bulky waste. Do not deliver these items directly to the Waste Treatment Center.

**Disposal Methods**

**Name-Brand Computers**

The manufacturer has the obligation to collect and recycle. Please contact the collection center recorded in the instruction manual provided when the product was purchased and request pick-up. If the collection center information is unknown, please contact the PC3R Promotion Association.

**Homemade computers**

Homemade computers or computers for which there are no manufacturers to receive them for recycling can be sent to the "Pasokon 3R Suishin Kyokai" (Personal Computer 3R Promotion Asso.) which charges for collecting and recycling them. Please contact the PC3R Promotion Asso. for recycling fees. Do not dismantle or disassemble the products before inquiring with the PC3R Promotion Association.

**Kiryu City Waste Treatment Center**

Kiryu City Waste Treatment Center processes waste from Kiryu & Midori cities and the Akabori district of Isesaki. Please consult with them about anything you are unclear about should you wish to bring waste there directly.

**Waste Reception Hours**

Waste can be brought in from Monday to Friday (excluding holidays), and the last Sunday of every month (excluding December) from 8:30am until 4:45pm every day.

Only local municipalities or businesses contracted by local municipalities can dispose of waste at the Waste Treatment Center on holidays. Private individuals and approved businesses cannot dispose of waste at the center on these days.

The Waste Treatment Center is open for deliveries until Dec. 30. The center will open again from Jan. 4.

**Important Points for Consideration**

Waste is to be unloaded by the owner. Waste brought to the center should be separated in the same manner as waste disposed of at waste collection stations. Please drop off waste at designated spots indicated by the staff at the Waste Treatment Center. We kindly request that you bring any waste that we can't be processed at the center back home with you.

Bringing in from industrial waste and garbage disposal area is strictly prohibited.

**Fees for Bringing in Waste**

Within 100 kg: 120 yen / 10 kg. Over 100 kg: 200 yen / 10 kg for the entire amount. Rates for disposal of deceased pets: 520 yen per dog, 200 yen per cat.

**Consultation about directly bringing in waste**

Kiryu City Waste Treatment Center: 461 No, Niisatocho, Kiryu City Phone: 0277-74-1010

**The way to the Kiryu City Waste Treatment Center**

- Take right at the intersection of "Kasakake Shogakko" on Route 50 from the direction of former Kiryu City and follow the road for 4km.
  - 5.5km west from the intersection of "Omamacho 6 chome" in Midori City on Route 122.
  - 1.4km west from the intersection of "Moromachi" in Midori City. 3.5km south from the "Shuku" in Niisatocho, Kiryu City.
- When using a car navigation system, search for "Caribbean Beach" which is next to the center. When coming to the center, please make sure to do your calculations using the scale (available in the building with the white triangular roof).

**Do not permit illegal dumping or removal of resources!**

When you discover illegal dumping that seems to impact on environmental conservation or the taking away of resources (newspapers etcetera) from waste stations, please report the time, place, vehicle license plate number and any other information to the Waste Treatment Center. We will use this important information when we are patrolling. In order to protect Kiryu city's abundant nature and living environment, we ask for cooperation from every citizen in the city.
